

## OUR EXPERIENCE

InServ's EPC Services Group has completed projects with total installed cost values ranging from under \$1 million to over \$400 million. Our Project/Program Management staff averages over 25-years industry experience.

InServ offers single-point accountability for a broad array of services for implementation of both maintenance and capital project work in the refining and petrochemical industries.

The EPC Services Group's mission is to provide integration of these and other resources to best accomplish your project objectives, always with the goal to deliver:

“A Good Job On Time”
